

NC STORAGE AND TRANSPORT SYSTEMS

NC TRANSPORT UNIT

NC storage and transport systems made by LISTA give you the perfect solution for your tool logistics. Our NC modules not only provide professional storage in inserts specially optimised for your machining and cutting tools, but also a safe method of transporting them. Tools are stored in a space-saving and organised way and are always within reach and ready for use. But that's not all: our NC modules can be individually equipped and can of course be freely combined with the entire LISTA system in order to make the best possible use of the valuable space in your production facility.

NC transport units: Both preconfigured and customised models are available. Carefully welded construction made of high-quality sheet steel. The side panels are reinforced with shaped steel. In the side panels there are strips of slots to hang frame supports, tool cradles or insert frames without screws. In addition the strips of slots are used to insert the adjustable shelves. Equipment: bogie with two swivel and two fixed castors. Castors with ball bearings and solid rubber tyres. Swivel castors with braking mechanism. With a yellow galvanised push bar and Mica-Bond painted in silver grey. Specification: sheet steel.

NC transport unit		Art-Nr.: 18.373.020	
Net weight kg	89	Castor load capacity kg	800
LISTA units	36 x 36 E	Type	HSK 63 A+C+E / 80 B+D+F
Width mm	1080	Specifications	1 insert frame with pair of frame supports, 2 tool cradle with pair of frame supports, sloping, 2 adjustable shelves including PVC ribbed mat wheel diameter Ø 200 mm, rubber castors
Depth mm	692	Partitioning schemes	E
Height mm	975	Colour	Light grey RAL 7035
Number of holders	36		

Product-specific benefits

- + Safe, clean and organised storage** in high-quality inserts made from break-proof, impact-proof and oil-resistant ABS material tailored to hold your cutting tools
- + Optimum space utilisation** because these high-capacity systems are not only space-saving, but the tools are just where you need them – right next to the machine
- + Customised and easy to assemble** using tool holders with snap fasteners for tool-free insertion and removal
- + Secure transport** thanks to robust and stable design
- + Maximum ease of use and ergonomics** since holders can be fitted at an angle and shelves and drawers can be pulled out
- + General benefits of the LISTA drawer cabinets**
